Lancaster County Grown Seed Wheat and Barley

Freight is paid on all orders of 200 pounds or more. No charge for bags. If you want field seeds sent by mail add extra for postage.

CERTIFIED THORNE. Beardless. Stiff straw. Yields very good. One of the most popular varieties. Sow $1\frac{1}{2}$ bushels per acre.

CERTIFIED SENECA WHEAT. Beardless. One of the newer varieties. Does not shell out easily. Tests show a trifle higher yield than Thorne. Sow $1\frac{1}{2}$ bushels per acre.

CERTIFIED NITTANY WHEAT. Bearded. This has been one of the best bearded varieties for a number of years. Straw long and stiff. Sow 2 bushels per acre.

PENNOLL WHEAT. Beardless. Uncertified. This is the newest variety in Wheat. A high yielding wheat. Good milling qualities. Produces more straw than any other beardless wheat. Sow $1\frac{1}{2}$ bushels per acre.

All our varieties of uncertified Seed Wheat and Barley we are quoting were grown from certified seed and you can expect a clean crop. Seed prices on other side. Order now when our stocks are complete.

CERTIFIED WONG BARLEY. One of the most popular varieties of Winter Barley. Cut dairy feed costs by planting more barley. Stiff straw which makes a good variety for combining. Our certified seed is grown from hot water treated seed one year removed. Can furnish uncertified seed grown from the same treated seed as the certified.

KENBAR BARLEY. Bearded. A bearded variety and we believe the highest yielding barley of all varieties. The seed we are offering was grown from certified seed. Send in your order early before our supply is exhausted.

WINTER SEED OATS. Lee cold Proof. Recommended for Va., Md., Del. N.J. and southern Penna. Winter resistant and high yielder.

ALFALFA. We have a fair supply of Northwest Common, Northwest Grimm, Certified Ranger and Certified Buffalo strains. Cut your feed costs by planting more Alfalfa. All our seed tests 99.25 to 99.50%.

FANCY TIMOTHY. Our Fancy Timothy tests 99.60% Pure and better. Practically free from weeds. Order your Timothy seed along with your Seed Wheat and Seed Barley.
